Subject:

Missing person Raoul Wallenberg and INTERPOL

Dear Mr Grunberg,

Thank you for your message of 2 August to which you attached a copy of your latest exchange in correspondence with the Swedish Government regarding the search for Raoul Wallenberg.

Whilst your ongoing efforts to locate Raoul Wallenberg are commendable from a humanitarian perspective, I regret to inform you that the position of INTERPOL remains unchanged and that we are unable to issue a Yellow Notice for this missing person unless it is based on a request from a member country.

Should the Swedish Government change its position, we shall of course publish a Yellow Notice and do everything in our power to locate this missing person.

I trust that you will understand the circumstances.

Yours sincerely,

Ronald K. Noble
Secretary General
